 1 35 telecommunications and technology commission annually review
 2 1 the hourly rates established, as provided in section 8D.3,
 2 2 subsection 3, paragraph "i", consistent with this paragraph.
 2 3 Such rates shall be established in a manner to minimize any
 2 4 subsidy provided through state general fund appropriations.

Specifies the intent of the General Assembly that the Iowa Telecommunications and Technology Commission annually review the rates charged for services in order to minimize the need for State subsidization.

2 5 Sec. 3. PUBLIC BROADCASTING. There is appropriated from
 2 6 the general fund of the state to the public broadcasting

2 14 1. Of the amount appropriated in this section, \$322,156
 2 15 shall be expended by the public broadcasting division of the

The increase in FTE positions is due to the authorization for the ITD, in Section 4.2 of this Bill, to enter into agreements with other departments for the provision of services. If agreements are not made the ITD will not fill the positions as funds will not be available to fill them.

3 8 1. The information technology department shall not

 3 25 savings realized from the agreement to be transferred to the
 3 26 information technology department revolving fund for the
 3 27 purpose of providing information technology services to state
 3 28 agencies. The department of management shall annually report
 3 29 the amount transferred by each department to the legislative
 3 30 fiscal bureau.

requires the DOM to provide an annual report on the amounts transferred from each department.
